OPTIONS for LEARNING

Strategic Plan 2026–29

Priority 1: Deliver consistently excellent learning experiences

Educational program quality is our strongest direct lever in improving child outcomes.

1. Strengthen educator effectiveness, engagement, and growth.
2. Create distinctive, quality learning environments.
3. Establish a unified curriculum framework.
4. Advance instructional innovation.
5. Align professional development with student outcomes.
6. Strengthen leadership effectiveness and future readiness.

Priority 2: Strengthen partnership impact

Children achieve better outcomes when families, educators, and communities work together.

1. Strengthen family engagement, satisfaction, and success.
2. Implement a zone-based service delivery model.
3. Strengthen and advance family support services.
4. Implement a partnership effectiveness framework.
5. Grow strategic community partnerships.
6. Utilize community intelligence for decision-making.

Priority 3: Build the capacity to lead and advance the field

Long-term impact requires a strong organization capable of advancing practice, influencing policy, and modeling innovation.

1. Increase employee satisfaction.
2. Strengthen organizational sustainability and resilience.
3. Foster a high-performance and collaborative culture.
4. Expand research, innovation, and technology partnerships.
5. Establish thought leadership.
6. Advance advocacy efforts.
